MALTA ELECTION FERMENT.

THE CHURCH INTERVENES IN
POLITICAL ISSUES.

CRISIS EXPLAINED.

Malta, May 1.
An amazing situation has been created by the attitude of the Roman Catholic Church towards the general election campaign here. The Archbishop and parish priest have announced that by order of the Archbishop to all the churches in Malta, whoever votes for the Prime Minister, Lord Strickland, or any of his supporters (members of the Constitutional party) commits a mortal sin.

The Bishop of Gozo recently similarly issued an edict forbidding Constitutionalists to approach Easter communion or receive absolution, forbidding citizens to attend Constitutional meetings, or race meetings organised on the occasion of the opening of the Constitutional Club.

The members of the Constitutional party now demand the suspension of the elections.

There is great unrest at Gozo, where the police have been reinforced.

It is understood that the Government is making representations to the Pope.

Later.

In explanation of the constitutional crisis, it is pointed out that the relations between the Government and the Church were strained last year, when Lord Strickland, who is himself a Roman Catholic, refused to allow a Franciscan priest, who is British, to be transferred against his will to Sicily by order of the Superior of the Community in Malta.

The Government claimed that the transfer was ordered on political grounds.

An Irishman, Mr. Robinson, was appointed Apostolic Delegate to enquire into the difficulties last April, but no solution was reached.

The significant order just issued follows a visit to Rome whither the Archbishop of Malta flew in a British seaplane in mid-April.

The Parliamentary elections are being held at the end of this month.—*Reuter.*

JAPAN'S SAILOR PRINCE.

(Continued from Page 1.)

by the crowd and the course of the vessel out of the harbour was marked by the greatest enthusiasm, dock workers, coal heavers and the shipping fraternity as a whole, stopping work to wave their adieu. The vessel was escorted to the entrance to Tokyo Bay by a cruiser, several submarines and destroyers, whilst naval aircraft flew overhead.

Popular With Navy.
The Prince is extremely popular with the Japanese Navy with which he served for a number of years. It was during this period that he acquired the popular title of the "Sailor Prince." He has especially won the admiration of the Japanese marines who were responsible for giving him his maritime title.

His elder brother, Prince Chichibu, has earned the title of the "Sporting Prince" for his prowess in all forms of Japanese games and athletics.

Facts About the Prince.
His Imperial Highness Prince Nobuhito is the third son of the late Emperor Taisho and was born on January 3, 1905. He assumed the family name of Takamatsu in July, 1913.

In 1911 the Prince entered the Primary Department of the Peers' School, and after finishing the third year course of the Secondary Department of the school at the end of March, 1920, entered the Naval Academy in May of the same year. Graduating from the academy in July, 1924, His Imperial Highness became a midshipman and was ordered to serve on board H. I. M. S. Asama and afterwards on board the Nagato. On December 1, 1925, he was commissioned Sub-Lieutenant, 2nd Class, in the Imperial Japanese Navy and was decorated with the Grand Cordon of the Chrysanthemum, being transferred to H. I. M. S. Fusso on the same day; and the following year to the Furutaka.

Australian Tour.

On completing the ordinary courses of the Torpedo School and the Naval Gunnery School, the Prince was transferred to H.I.M.S. Hiei in 1927. In the same year he was promoted to the rank of Sub-Lieutenant, 1st Class, and started on a visit to Australian ports on board the Yakumo of the Training Squadron. After the voyage, the Prince was attached to H. I. M. S. Haruna in February, 1929, and in September of the same year was ordered to be on the Naval General Staff, and is still in the office. His Imperial Highness married Princess Kikuko on February 4, 1930.

PORT VALE WIN PROMOTION.

GAME AT DONCASTER
DECIDES.

HULL'S POSITION BECOMES
MORE PERILOUS.

FINALS TO-MORROW.

London, May 1.

Two vital football matches were played to-day, the results being that Port Vale secure promotion from the Northern Section of the Third Division to the Second Division and that Hull, who are in a perilous position at the bottom of the Second Division table, can now hardly avoid relegation.

The Second Division match between Hull and Bristol City was a vital one for both teams. The game was played at Hull but Bristol managed to win by the only goal of the match. The teams, before the game, occupied the two bottom places in the table, the position in which now is:

Notts. County 42 10 15 17 56 67 35
Reading 42 12 11 19 54 67 35
Barnsley 41 13 8 20 54 70 34
Bradford C. 41 11 12 18 58 77 34
Bristol C. 41 13 8 20 59 81 34
Hull 41 13 7 21 49 78 53

The problem will be definitely settled on Saturday when the four bottom teams will play their final games of the season. Hull, it will be seen, can still avoid relegation.

Paris, May 1.

tion, providing other teams in the danger zone lose their game to-morrow, but it seems likely that goal average will decide the issue.

Port Vale's Success.

The only other match played to-day was at Doncaster in the Northern Section of the Third Division where Port Vale won by two goals to nil and thus definitely settle the promotion question in this League. Before the game it was possible for Stockport to secure the honour, but the chances were distinctly remote as goal average would have been the deciding factor. The position at the top of the Northern Section is now:

Port Vale 41 29 7 5 101 37 65
Stockport 41 27 7 7 104 44 61

Port Vale therefore return to the Second Division from which they were relegated at the end of last season when they secured only 34 points from 42 matches. Clapton Orient was the other relegated team, and now occupies a position midway in the Southern Section league.

Results of to-day's matches, as cable by Reuter, are given below:

Second Division
Hull 0 Bristol C. 1

VICEROY ENDS A LONG TRIAL.

TRIBUNAL TO ADJUDICATE
WITHOUT DELAY.

NINE MONTH CASE.

Simla, May 1.

Another Ordinance has been promulgated by the Viceroy terminating the preliminary trial of the accused in the Lahore conspiracy case in connexion with the murder of Mr. Saunders. Superintendent of Police at Lahore, in December 1928.

The trial has been dragging on for nine months and has been obstructed by minor delays and revolutionary demonstrations.

The Viceroy has now empowered the Chief Justice of the High Court to constitute a special tribunal of three Judges to adjudicate in the cases without delay to "meet the ends of justice and re-establish respect for the law."—*Reuter.*

Mr. Saunders, the Assistant Superintendent of Police, was shot dead, on December 16, 1928, an Indian police clerk who gave chase to the assassins also being killed.

Mr. Saunders was cycling home from his office when shots rang out, and he was seen to fall dead. Two youths armed with revolvers were immediately chased, and one of the men engaged in the pursuit was also shot down. The assailants made good their escape on motor cycles, but a vigorous police search was made with the result that men were brought to trial. The crime was believed to be an act of revenge for the death of Lajpat Rai the Nationalist leader, who the Swarajists allege died as the result of a blow received during the riot at Lahore on the occasion of the arrival of the Simon Commission. Mr. Saunders, who died almost immediately after he had been shot, took part in the previous affair.

Indrajit, the son of the editor of the daily paper *Arya Samaj*, was arrested at his father's house, which was searched in connexion with the murder of Mr. Saunders.

Journalist Activity.

COAL MINE BILL IN THE LORDS.

CONSERVATIVE FIGHT IN COMMITTEE STAGE.

London, May 1.
The three day Debate on the Government's Coal Mines Bill concluded in the House of Lords to-day by the House agreeing to the second reading without a division, notwithstanding strong Conservative criticism notably directed at the compulsory amalgamation provisions which were inserted in the Bill in the House of Commons at the instance of the Liberals.

The Conservatives foreshadowed important amendments to the Bill in the Committee Stage, thus promising lively discussions between the House of Lords and the House of Commons before the Bill is enacted.

Lord Thomson said the Government would have to take a very firm stand on the Committee Stage. The Bill was a measure of national importance and it was introduced to help the coal industry.

A feature of the debate was the maiden speech of Lord Sankey, who confessed that he still favoured nationalisation, which was the remedy advocated by the Coal Commission over which he presided eleven years ago.—*Reuter and British Wireless.*

NEW CLUBHOUSE FOR K.C.C.

PERMANENT BUILDING TO COST \$60,000.

Members of the Kowloon Cricket Club yesterday received notice of an extraordinary general meeting to be held in the Club house on Friday, May 9, when several important proposals will be discussed, including the building of a new Clubhouse at a total cost of \$60,000.

The question of the building of a new Clubhouse has been under discussion for some years but the uncertainty of tenure has always prevented a definite decision being reached. Some years ago the Club was allotted three areas at King's Park for a cricket ground, tennis courts and bowling green and the idea was to build as soon as the Club was required to move. The General Committee has had the matter under consideration recently and has decided, in view of the remote possibility of the Club being required to move in the near future, to recommend to the extraordinary general meeting to take the risk and construct a new Clubhouse on the present site.

The building it is proposed to erect will be of one storey and is estimated to cost, including furnishing, something in the neighbourhood of \$60,000. The site will not be that of the present pavilion but on the waste land between the cricket ground and the bowling green near Cox's Path.

At the extraordinary general meeting of K.C.C. members to be held next week, the General Committee is asking for authority to proceed "with a scheme for the building of a new Club House of a permanent type overlooking the north-west corner of the Cricket ground at a total cost of not more than \$60,000" and also that the meeting appoint a special Building Sub-Committee of seven.

To procure funds for the building of the Club house, it is the intention to raise a sum not exceeding \$35,000 by means of \$10 debentures bearing interest at six per cent. The Committee is asking for authority, in order to provide security for such a debenture issue and in order to limit the individual liability of members, to take the necessary steps to convert the Club into a limited liability company with an individual liability of \$50 per member.

At the same extraordinary general meeting, it is proposed to make amendments to the rules. The effect of the amendments will be to increase the subscription for ordinary members from \$2 to \$3 per month, of sea-going members from \$1 to \$1.50 per month and of naval and military subscribers from \$2 to \$3 per month.

"NOT GUILTY."

CONCLUSION OF KAI TAK TRIAL.

The trial of Able Seaman W. J. Streeter, attached to the Kai Tak R.A.F. Base, who appeared before a Court Martial on a charge of committing an indecent act against a Chinese laundry boy, came to a close yesterday, when the Court returned a verdict of "not guilty."

Mr. Leo d'Almada, Jun., appeared for the defendant, and Flying Officer A. Somerset prosecuted. The Court was composed of Flight Lieut. F. L. Pearce (President), Lieut. F. W. Bassett, R.N., and Lieut. C. G. Ronnell, R.N. (both Flying Officers, R.A.F.). Mr. Somerset Fitzroy was Judge Advocate, and watching members of the Court were Lieut. F. M. Rokely Stephenson, R.N. and Lieut. P. W. Humphreys, R.N. The member under instruction was Flying Officer E. B. Webb, R.A.F.

Yesterday the Court heard the case for the defence, when the accused gave his testimony, in which he denied the alleged offence. He said that he and the laundry boy had a struggle for his fountain pen, which he eventually broke, after which accused offered the complainant his own, but this he refused. Accused only held the boy by the arms.

Cpl. Pitt, R.A.F., said he went into the isolation room and saw the accused and the complainant together. They were having a tussle over a fountain pen, when the boy gave a violent jerk and the pen broke in half. The boy began to whimper, and refused another pen which Streeter offered to him. He appeared sore at losing the other pen and turned his back on Streeter. He did not see the accused touch the boy, and they all left the room shortly afterwards, the witness turning his back on the complainant and the accused and going to his own room.

Mr. Leo d'Almada, in addressing the Court, submitted that the only evidence the prosecution had brought forward was the uncorroborated evidence of the laundry boy, who had been guilty of many contradictions and discrepancies between his evidence at that trial and the summary of evidence taken earlier.

He submitted that the evidence showed that the lad was not only of a playful disposition, but a wicked disposition, by the fact that he had pilfered cigarettes from the Airmen.

Question of Evidence.

Mr. Somerset Fitzroy objected to this, and said that although the suggestion that the boy had pilfered cigarettes had been made by one of the witnesses, it had not been substantiated and he had therefore not put it down.

Mr. d'Almada protested that the evidence should have been noted by the Judge Advocate, as it was by such evidence that he was proving the incredibility of the complainant. If the Judge Advocate had not put that evidence down, he hoped he would make a note of his (Mr. d'Almada's) objection.

Mr. Fitzroy pointed out that he read the evidence over and it was then for Mr. d'Almada to raise his objection, and they could have thrashed the matter out, and discovered on what grounds the witness based his statement.

ness based his statement. He could not be expected to take as evidence an allegation by one person, when that allegation had not been substantiated.

Mr. d'Almada went on to show the Court how the complainant had contradicted himself in his evidence, and submitted that although perhaps this was partly caused by natural uneasiness on his part, it also might be because he was making an attempt to fabricate his story, or was embellishing it to make it more credible.

He asked the Court, in view of the unreliability of the complainant's story, to act in the interests of justice and to discharge the accused.

After Flying Officer Somerset had addressed the Court and Mr. Somerset Fitzroy had directed them, they returned their verdict of "not guilty." The Court deliberated before the decision for about twenty minutes.

A BRITISH GOLF TRIUMPH.

AMERICANS LOSE THE SINGLES.

LADIES' EXAMPLE TO BRITISH WALKER CUP TEAM.

HONOURS REGAINED.

London, May 1.
The American lady golfers who are competing with a British team at Sunningdale created a last minute surprise to-day by making four changes in the team, following the results of the foursomes.

They were unable to prevent Great Britain from regaining some of the lost golf honours from America, however, and the British ladies set an example to the Walker Cup players.

Captains' Keen Fight.

There was a keen fight between the rival captains. Miss Gourlay (Britain) was two holes down at the twelfth in her singles match with Miss Collett, but she fought back like Miss Wethered, last year's champion.

Miss Gourlay did the thirteenth hole in two and obtained the lead at the sixteenth.

Britain secured six out of the ten games in the singles, following upon the foursomes which ended with each team winning two matches and halving the other.

Single Results.

The full results of the singles matches are given below:
Miss Orcutt (America) beat Mrs. Watson (England) 4 and 3.
Miss End Wilson (Britain) beat Miss Van Wie (America) 4 and 3.

Miss McCulloch (Britain) beat Miss Hicks (America) 2 and 1.
Mrs. Hull (America) beat Miss Corlett (Britain) 2 and 1.

Miss Pearson (Britain) beat Miss Quier (America) 2 and 1.
Miss Park (Britain) beat Miss Wall (America) 3 and 2.

Miss Fishwick (Britain) beat Mrs. Elderman (America) 6 and 4.
Miss Hanley (America) beat Miss Lobbell (Britain) 1 up.

Miss Fordyce (America) beat Miss Chambers 3 and 1.
Miss Gourlay (Britain) beat Miss Collett (America) 1 up.

The Foursomes.

The results of the foursome matches are given below:
Miss Gourlay and Miss End Wilson (Britain) beat Miss Collett and Bennett, 4 and 3.

Miss Orcutt and Mrs. Martelle (America) beat Miss Pearson and Lobbell, 7 and 6.

Mrs. Watson and Miss McCulloch (Britain) halved with Misses Van Wie and Watties.

Miss Corlett and Mrs. Latham Hall (Britain) beat Mrs. Hill and Miss Stifel, one up.

Mrs. Mida and Miss Hicks (America) beat Misses Park and Fishwick one up.

The foursomes result was thus two matches won by each side and one halved.—*Reuter*.

NEW INCOME TAX CONFIRMED.

CONSERVATIVE AMENDMENT DEFEATED.

London, May 1.
The House of Commons, by 255 votes to 139, rejected a Conservative amendment to retain the four shillings income tax and thus confirmed the four shillings and sixpence tax.

The Liberals and Labour voted together and after the debate, in which Mr. Philip Snowden, the Chancellor of the Exchequer, claimed that to-day's reduction of the bank rate was one of the effects of the Budget, declared that Government Stocks were higher now than they were when the Budget was introduced.—*Reuter*.

DOUBLE CENTURY BY BRADMAN.

BRILLIANT DEBUT WITH THE AUSTRALIANS.

CAPTAIN'S CENTURY.

London, May 1.
Against Worcestershire to-day the Australians piled up a total of 492 runs for the loss of eight wickets, the innings being marked by the display of D. Bradman, of New South Wales, who scored 236 runs.

This was Bradman's first appearance in England and his performance ranks as one of the most distinguished debuts of any Australian.

When play was resumed this morning Worcestershire had been dismissed for 131 and the score-board showed the Australian total as 199 for the loss of one wicket.

Bradman, who is only twenty-two years of age, distinguished himself when he went to wicket. He batted for four hours and thirty-five minutes for his 236 runs. He hit 28 fours and seven threes, giving only one chance when he was 215. His total was compiled largely with the aid of great driving strokes.

Woodful, the captain of the team, also distinguished himself in the opening match of the tour by compiling a century. He scored 133 before being dismissed, spending three hours at the wicket. When the innings had been in progress for five and a half hours, Woodful declared it closed, the score standing at 192 for eight.

Brook was the only Worcestershire bowler to meet with any success. He took four wickets for 148 runs.

Going in again, Worcestershire showed up better than in the first innings and made a total of 103 for the loss of four wickets before stumps were drawn.—*Reuter*.

Decline in British Cotton Trade.

Modern Fashions Given as the Cause.

London, May 1.

Modern fashions were largely blamed for the loss of the English cotton trade during recent years in speeches made at a luncheon held in London to-day which heralded the National Cotton Week which begins on May 5.

The campaign is designed to stimulate the use of cotton in Great Britain. Members of the Cabinet, party leaders and prominent commercial men were present at the luncheon when Mr. Holroyd, the chairman, mentioned that the sales of cotton in Britain were four hundred million yards fewer than before the war.

He believed, however, that Lancashire had now seen the worst of the depression.—*Reuter*.

Speedy Action by Mr. Hoover.

Naval Pact Submitted to the Senate.

Washington, May 1.

Less than twenty-four hours after the American delegates had handed him the Naval Treaty, President Hoover submitted the document to the Senate.

Mr. Hoover's covering letter was one of the shortest such documents in history.

"I transmit herewith the Treaty," writes the President, adding its full title and the list of signatories, "to ratification of which I ask the advice and consent of the Senate."—*Reuter's American Service*.

London, May 1.

Witnesses had previously testified that they saw children pressing against the locked gate which was eventually wrenched out by men outside.—*Reuter*.

JAPAN'S SAILOR PRINCE.

ARRIVES HERE WITH ROYAL BRIDE.

ON WAY TO ENGLAND ON A SPECIAL MISSION.

HONGKONG WELCOME.

Japan's "Sailor Prince," Prince Takamatsu, accompanied by his Royal bride, Princess Kikuko, whom he married less than three months ago, arrived in Hongkong this morning aboard the N.Y.K. liner Kashima Maru. The Royal couple are en route to England to return the visit of H.R.H. the Duke of Gloucester, who came out at the head of the Garter-Mission to Japan last year.

Prince Takamatsu is the second brother of H.I.M. the Emperor of Japan, whilst the Princess was formerly Miss Kikuko Tokugawa, a grand-daughter of the last Shogun. They were married on February 4th last, thus uniting the world's oldest reigning house with the one all-powerful house of Tokugawa.

Later in the forenoon, the Royal pair made an informal landing at Queen's Pier coming ashore in the N.Y.K. launch. Here had assembled a large gathering, including H.E. the Officer Administering the Government, with Mr. J. Barrow (Private Secretary) and Capt. Swayne (A.D.C.), the Consul-General for Japan (Mr. Yoshida), leading members of the Japanese community and a number of Japanese Boy Scouts.

The Royal party then left by motor-cars, H.E. Mr. Southorn and Tiffin and Dinner.

A tiffin in honour of the Royal visitors was given by the Japanese Prince being in one car, and the Princess and the Japanese Consul-General in another.

To-night, H.E. the Officer Administering the Government and Mrs. Southorn are giving a dinner party at Government House in honour of the visitors, who will proceed on their journey to Europe to-morrow morning.

After visiting England, the Royal couple will proceed to Madrid to bestow upon the King of Spain the Collar of the Supreme Order of the Chrysanthemum.

Fine Send-Off.

When the Prince and Princess left Yokohama last week, they were given a rousing send-off at the quay where several thousand school children, naval and military officers, ex-servicemen and a number of British and other privileged persons gathered to wish-bon voyage to the Emperor's brother, and his bride.

As the Kashima Maru left the wharf, rousing cheers were given (Continued on Page 12.)

"VENEZIA" IN COLLISION.

RUNS INTO A RAFT OFF SHAMREEN.

Canton, May 1.
The s.s. Venezia came into collision with a raft just as she was passing in front of Shamreen at 1 o'clock to-day on arriving from Hongkong. A number of men on the raft were precipitated into the water, and although the raft was broken up, it is believed that no loss of life occurred.

Immediately after the collision, the Venezia went astern and drifted with the tide rapidly up the river almost broad side on.

The bows of the Venezia very nearly came into collision with the stern of H.M.S. Tarantula, the flagship of H.M. West River Patrol.

After just missing a Talkoo launch, the Venezia dropped one anchor, which held. She then went ahead and proceeded to her wharf.—*Our Own Correspondent*.

CUSTOMS & SALT REVENUES.

NANKING APPROACHES THE POWERS.

SEIZURE BY NEW GOVERNMENT MUCH RESENTED.

WAR PREPARATIONS.

Nanking, May 1.
The President of the National Government, Marshal Chiang Kai-shek, conferred with Dr. C. T. Wang, Minister of Foreign Affairs, and Messrs. Wu Han-min and Tan Yen-kai this morning concerning appropriate steps to be taken in preventing the Shansi Government at Peking and Tientsin from utilising the Salt Gabelle and Maritime Customs revenues for the purpose of supplying funds for the Kuominchun troops in the coming war against Nanking.

The meeting decided to request Dr. C. T. Wang to address communiques to the Diplomatic Corps in Peking calling the attention of the Powers to the fact that the Salt and Customs revenues should be remitted to the Central Government, which is decidedly against any attempt to utilise the funds for the purpose of furthering civil war in China. The meeting con-

cluded after financial affairs pertaining to the Government were duly discussed.

Arsenal Activity.

In anticipation of an early outbreak of military operations near Chengchow, Marshal Yen Hsi-shan has ordered the Taiyuan Arsenal to dispatch over a hundred cases of arms and ammunition to Chengchow, the stronghold of the Kuominchun forces in the heart of Honan.

Commenting on the suitability of Chengchow as a centre of military operations, observers of the present military situation in Central China state that the dilly-dallying now in progress in Honan is attributed to the fact that the Kuominchun Commanders are busy negotiating with doubtful troop leaders in Honan with a view to forming a big alliance against Nanking.

It will be recalled that when General Tang Sang-chi was defeated last year in Honan many of his former troops remained in the Province.

Strategic Position.

Situate at a point where the Peking-Hankow Railway intersects the Lung-Hai Railway, Chengchow is an important strategic position which permits the Kuominchun Commanders to place a comparatively small contingent of troops along the Lung-Hai Railway, utilising their main body of troops to attack Hankow from the Peking-Hankow Railway.

With the efficient railway communications of these two lines at their disposal, the Kuominchun Commanders have a distinct advantage.

On the other hand, if the Nationalist forces on the Honan-Hupeh frontier adopt a defensive policy, which seems to be likely at the moment, the Kuominchun forces can shorten their fortifications along the Peking-Hankow Railway (Continued on Page 8.)

COLONIAL SERVICE REFORM.

HOW EXPENDITURE & STAFFS HAVE INCREASED.

COMMITTEE REPORTS.

London, May 1.
The creation of a single Colonial Service is recommended in the report of the Committee which has been considering appointments in the Colonial Office and the Colonial Services. The Committee was appointed last year by Mr. L. M. S. Amery, Colonial Secretary in the Conservative Government, with Mr. Warner Fisher as Chairman.

For some time past, it had been considered that certain changes were necessary owing to the growth of the British Dependencies and the new status of the Dominions as established at the last Imperial Conference. It was found that under the growing system of dependencies there were now many anomalies. The Colonial Office itself, for example, has become a dual Department—that is, the Colonial Office proper and the Dominions Office.

The report deals with the territories handled by the Colonial Office. These comprise fifty different territories, covering more than two million square miles, with a total population of more than fifty million people of varied nationalities and religions.

The expenditure of the Colonial Governments alone has risen from £19,000,000 in 1919 to £68,000,000 in 1929, and Governmental staffs have increased from 93,280 to 220,770.

Recommending the creation of a single Colonial Service, the committee urges that unified special services, such as agriculture, medicine and education, should be organised with this single service.

With regard to the appointments now made through the machinery of the Private Secretary to the Secretary of State, the Committee recommends that the final selection of candidates should be made by a Colonial Service Appointments Board, which should be set up, consisting of a Chairman and two members nominated by the Civil Service Commission.

With reference to the selection of Governors, the Committee recommends that prior consideration should be given to the suitability of officers holding high offices in the Colonial Services.

The Committee produces figures which serve to show that there is no real ground for the suggestion that the older Universities have anything like a monopoly of Colonial appointments.—*British Wireless*.

INCREASED BRITISH PREFERENCE.

CANADA'S IMPORTANT TARIFF CHANGES.

Ottawa, May 1.

Important changes in Canada's fiscal tariff policy were announced by the Finance Minister, Mr. Dunning, when he presented the Budget in the House of Commons.

He announced a surplus of 44,500,000 dollars and enumerated a long list of tariff changes, mainly designed to increase British preference, encourage Empire trade and considerably restrict imports from the United States.

The enlargement of British preference affects two hundred million dollars' worth of goods and includes various iron and steel manufactures, machinery, electrical apparatus and chinaware as an indication "of the spirit in which Canada will approach the forthcoming Imperial Economic Conference".—*Reuter's American Service*.

LITTLE MAY DAY DISORDER.

ENTIRE ABSENCE OF DISTURBANCES.

ARRESTS IN VARIOUS PARTS OF THE WORLD.

IGNORED IN CANTON.

London, May 1.
Generally speaking, the various May Day celebrations passed off very peacefully, although many Communists were arrested in various countries. This was particularly the case in Paris, where 339 Communists, including 96 foreigners, were arrested and placed in custody.

At Riga two hundred arrests were made when Communists attempted to defy the Police ban on demonstrations. The few places at which disturbances did occur included Vienna, where twenty-five Communists were arrested after a conflict with the Police, who used rubber truncheons effectively.

A number of police were injured in a scuffle with "Reds" at Bratislava, and twenty Communists were arrested at Moravia after conflicts with the Police.—*Reuter*.

Peace in America.

New York, May 1.
May Day in America also passed off peacefully. "Reds" demonstrated in New York and at other large cities, but there was no disorder. Forty arrests were made in New York.

Ten thousand supposed Communists late in the day staged a rally at Union Square after the square had been vacated by fifteen thousand ex-servicemen. The Police ignored the "Red" speeches which were made.

The Police Commissioner, Mr. Whalen, attributed the orderliness of the proceedings to the precautions he had taken.

He drove to Union Square where he was greeted with shouts of "To hell with Whalen" and with the singing of the Internationale. Whalen merely grinned and drove away.—*Reuter's American Service*.

No Trouble in France.

Paris, May 1.
Over two hundred arrests were made here to-day for picketing in connexion with the usual May Day strikes and also for the distribution of revolutionary leaflets.

The day, however, was the quietest ever known, the city having a holiday aspect.

The arrests included the Communist Deputy, Doriot, and the Mayor and seven municipal councillors of St. Denis.

There were no serious incidents in the province where strikers were fewer than usual.—*Reuter*.

Scuffle at Liege.

Sofia, May 1.
Warsaw and Berlin report that everything was quiet on May Day. Communist demonstrators in the Lustgarten at Berlin numbered 50,000.

At Liege a number of Communists were injured in a scuffle with the police who prevented the Communists from marching to the prison with the intention of releasing a comrade.—*Reuter*.

Calm in Canton.

Canton, May 1.
Labour Day has passed off very quietly here, and, as far as the casual observer could see, practically no notice was taken of the day.

OBTAINING GOODS BY FRAUD.

MAN CHARGED WITH CONSPIRACY.

Compared by the prosecution to the "long firm" frauds of the East End of London, a case was opened before Mr. Grantham at the Central Magistracy, yesterday afternoon, in which a Chinese was charged with being concerned, with another not in custody, in a conspiracy to obtain goods by fraud to the extent of over \$10,000 from nine different Chinese firms. Other charges under the Bankruptcy and Larceny Ordinances were also mentioned, to all of which a plea of not guilty was returned.

Mr. H. G. Sheldon, instructed by Mr. E. S. C. Brooks, appeared for the prosecution. The defendant was represented by Mr. G. S. Hugh Jones.

Outlining his case, Mr. Sheldon said that the defendant, Chan Kai-sang, was a partner of the Chung Sun Chong, and he was accused of obtaining from the various firms set out in the charges, goods amounting to the very large sum of \$10,598. In one or two cases small payments were made on account. The goods were ordered mostly by this man or by a partner of his, named Yip Shui-yan, and the conspiracy charge was that he conspired with the latter to cheat and defraud the various firms from whom he ordered, in that he ordered goods without any intention of paying for them.

The goods were mostly obtained in February and March, and the procedure was for him to go to various firms in the Colony and ask for goods to be delivered to him, consisting mostly of singlets, electric torches and socks.

In one or two cases a small credit payment was made. In other cases where firms rather demurred in giving credit, books were produced showing that he had obtained credit from other firms, when the firms to whom he was applying would give credit without further hesitation and supplied the goods.

The goods were supplied at the end of February and the beginning of March. After that the firms concerned made many ineffectual attempts to get payment.

Interesting Discovery.

On March 7th, a Mr. Wong Tong, managing partner of the Chung Shan Knitting Factory, who had supplied goods to the value of \$604, went to the Chung Sun Chong, with the view of obtaining payment of his bill. He failed to find the defendant, but what he did find was a very interesting book in the defendant's handwriting. If they compared the list of firms which this man was alleged to have defrauded, they would see a great many of the goods obtained were mentioned in this book. It showed that on March 5, there were shipped by the s.s. Ah Look cargoes corresponding with goods obtained by the defendant, with this difference that the items shipped were shown on the document with prices set at about two-thirds of the full value which defendant would have to pay to those firms, but had not.

Counsel proceeded to detail such items as 50 dozen singlets from the Chung Yick firm, 100 dozen other singlets from the Wai-shing firm, and 680 electric torches from the Kwan Yick Hong as figuring on the list of goods shipped on the steamer. He said that whatever the reduced prices might mean, a fair inference was that the goods were being sold to where they were being shipped to at prices representing two-thirds of the amount which defendant agreed to pay to those firms from whom he obtained the goods. "The prosecution's case is that it is similar to the long firm frauds, in which, as your Worship knows, you buy goods on credit, you sell them for considerably smaller prices, you don't pay the vendor, and you clear out. These frauds occur quite frequently in the East End of London. Cases come up frequently before the Common Serjeant at the Old Bailey, and they are known as 'long firm' frauds."

Thirty Days' Credit.

The case of the Tung Tack knitting factory was the first examined

WELCOME FOR THE NEW GOVERNOR.

ANOTHER STAGE IN THE PROGRESS OF KOWLOON.

Wide interest has been shown, not only in Kowloon but also in other parts of the Colony, in the arrangements being made to welcome the new Governor on the occasion of his first visit to the Peninsula. It is the first time in the history of Hongkong that such a celebration has taken place, and the event will mark another stage in the progress of Kowloon.

The gradual occupation and development of the mainland is a story by itself. The sandy bathing beaches that once gleamed around Tsim Sha Tsui (The Salpe's Bill) must have worn an alluring aspect in the sight of the early settlers on the island, on stifling summer days. At the beginning only a little land was rented annually but at last, in 1860, Kowloon Point and Stonecutter's Island were ceded to the British in perpetuity. Close to Eastward was a spot where pirates were wont to be beheaded and just to the North was a leper village. Now these are included in the Territories leased for 99 years in 1898 and the one is obliterated by a vast reclamation in Kowloon Bay and the other is in process of becoming a most eligible garden suburb.

Kowloon's welcome will be staged in most appropriate surroundings. The King's Park lies in the heart of Kowloon and its broad and airy terraces are typical of the fresh and open character of the region. The Club de Recreio has generously placed its handsome and commodious building and extensive grounds at the disposal of the Committee.

His Excellency will arrive at 5.25 p.m. and inspect the Guard of Honour consisting of Boy Scouts and Girl Guides. On the verandah, confronting the cricket ground, an illuminated address will be read and presented to him and a bouquet to Lady Peel. The proceedings will be of a friendly and informal character. Tea and refreshments will be served, weather permitting, in the open air. By kind permission of Lt. Col. H. B. Vernon, M.C. and Officers, the Band of the 3/15th Punjab will play selections. Some pupils of Miss Violet Capell will render a few dances on the lawn. Later on, as daylight declines, the "Lyric" Dance Orchestra will draw lovers of the dance to the Club's roomy floor.

The Committee making the arrangements request us to say that tickets are available now at the Clubs in Kowloon, and it will greatly facilitate preparation if friends will purchase their tickets at once so that it may be known how many to cater for.

by the Court. A salesman from this concern said that he first heard of the defendant on February 20th, when the latter telephoned to him requesting his presence at the Chung Sun Chong, No. 85, Wing Lok Street. There witness saw the defendant and another man, named Yip Shui-yan, both of whom informed him that they were partners in the Chung Sun Chong. Ordering 100 dozen singlets, valued at \$1,700, they were given 30 days' credit on their producing books showing that they had credit with other firms.

The case was adjourned.

This bug-like object, with its leering mouth, is what remained of a Louisville and Nashville freight engine after its boiler burst, killing three men and tearing up a mile of track and 18 freight cars, near Springfield, Tenn. The explosion set fire to 31 cars, shooting flames so high they could be seen for miles.

Merrill P. Morgan survived half a dozen crashes as a British flyer throughout the war, but while flying in transport licence tests at Pocatello, Idaho, airport, he went into a tailspin and fell 3000 feet to death. Photo shows wreck-ago.

These pretty Japanese maidens are to tour American cities to express Japan's thanks for aid given after the great earthquake of 1923. The girls are: Miss Yoshiko Matsudaira, above; Miss Yoshiko Sato, left; Miss Kimiko Ashino, right; Miss Sumiko Tokuda, below.

THE WISE ADVERTISER

The wise advertiser is the newspaper advertiser.

WHY?

Because he knows that his message will reach potential customers at the right moment—and at the receptive moment.

PUT IT THIS WAY!

Have you ever sat down before dinner with a directory or a poster on your knee?

We apologise for putting such an absurd question—but some people may not see the case in this light.

THEN REMEMBER!

The newspaper is not published once a year, but is the people's indispensable record of daily events—not referred to occasionally, but read every day.

SEND YOUR MESSAGE DAILY

—and the most effective and economical method of doing this is by advertising in The Hongkong Telegraph.

A STORY AND A MORAL.

Recently, a gentleman decided to sail round the world in a junk. He wanted two co-adventurers to join him, but who would sail round the world in a junk? Possibly you would say "nobody!" However, he was a wise man, and he invited applications through the medium of The Hongkong Telegraph—and found twenty-one people ready and willing to join him!

MAY DAY-PASSES
OFF QUIETLY.MINOR DEMONSTRATION
IN SHANGHAI.

Shanghai, May 1.
With all the police mobilised and special police and volunteers standing by, the authorities took most stringent precautions against any possible disturbance with the result that Labour Day is passing off quietly. The only trouble up to three o'clock in the afternoon was a minor demonstration in Nanking Road when seven arrests were made.—*Reuter.*

Shanghai, May 1.
Labour Day precautions prevented any outbreaks. Seven students were arrested this morning in Nanking Road while waving flags and distributing pamphlets. Within five minutes all were at Louza Station, and will be charged to-morrow.—*Our Own Correspondent.*

Quiet at Peking.
Peking, May 1.
Labour Day has hitherto passed off very quietly, with no sign of demonstrations or disturbances.—*Reuter.*

Events in Japan.
Tokyo, May 1.
Over 50,000 people participated in Japanese Labour observances on May Day which were generally orderly, despite the fact that hundreds of arrests and temporary detentions were made.

A clash at Kawasaki, a Tokyo suburb, in which two policemen were wounded, was the most serious disorder. In Tokyo 15,000 paraded the length of the capital, while Osaka, the industrial centre of the Empire, witnessed a parade of 30,000. There were smaller demonstrations in other cities.

Large groups of women paraded, among them being 1,500 at Osaka and 1,000 at Tokyo.
The features of the Tokyo parade were colourful banners and red flags. The women chanted Labour songs in the presence of the police, who marched in groups between bodies of demonstrators.

Besides 200 precautionary arrests early this morning, about 100 were arrested in Tokyo during the day. Extra police were maintained at public buildings all day long.—*Reuter.*

In Other Places.
London, May 1.
Hunger marchers, including a contingent of women, from Lancashire, who have been tramping to London from unemployment areas, joined the usual "Red" May Day march to Hyde Park.

Very stringent police measures are indicated in other parts of the world.

A Sydney message says police broke up a small demonstration, with seventeen arrests.
It is reported from Paris that very strict police measures are being taken.
New York reports that 18,300 police are on duty. "Reds" there expect a hundred thousand sympathisers to attend a meeting in Union Square this afternoon. The meeting has been allowed on condition that it be held a full hour after a celebration arranged by ten thousand war veterans and patriotic bodies.—*Reuter.*

CINEMA NOTES.

NEW DENNY FILM A RIOT
OF FUN.

Unique in story, rocking with laughs, "something different" in talking pictures, "One Hysterical Night," Universal comedy starring Reginald Denny, will open on Sunday at the Queen's Theatre.

"One Hysterical Night" emerges from the outpouring of talking pictures as the comedy film that is different, one that is built around an entirely new situation and one in which the dialogue and plot twists naturally to produce howls of laughter.

It's a perfect Universal-Denny picture in as much as Denny wrote the story and the dialogue, with James Craft, director of several of his recent successes, directing. Nora Lane, refreshingly charming, plays opposite Denny.

In the picture Denny finds himself, as "Napoleon," at a fancy dress ball, where those present believe that he is "cuckoo" and really thinks he is "Napoleon." The merry-makers band against him and precipitate a series of dramatic and humorous situations. It is there that he meets his "Josephine," Nora Lane, who also believes that he is deranged. How he establishes his sanity make a spirited and entertaining story.

With Denny and Miss Lane in the cast are E. J. Ratcliffe, Fritz Feld, Slim Summerville, Jules Cowls, Joyzelle, Walter Brennan, Henry Otto, Margaret Campbell, Peter Gawthorne, D.R.O. Hatawell, Rolfe Sedan and Lloyd Whitlock.

WOMAN'S WORLD

FOR OUR LADY READERS

Beauty.

THROUGH THE POST.

"Every morning my mail-bag
contains between 40 and 50
letters," said a Dover-street beauty
specialist."They come from women all over
the world who want advice on
make-up and skin treatment."

A Lock of Hair.

"To teach make-up by correspondence I must have these particular
fairs:

1. Age.
2. Height.
3. Colouring. (My client must send me a lock of her hair.)
4. Any skin trouble—e.g., dryness, greasiness, red veins, and so on.
5. What colour of dress suits her best, both for day and evening.

"Then I tell her how to cleanse her skin, make up her face, eyes, and lips for all occasions, and send her the right cosmetics. On my letter I draw two or three lines with various suitable lipsticks, so that she can make her choice of shade."

Steam-heated Skins.

From America, the land of many beauty parlours, this specialist receives letters from hundreds of women. The majority ask for a cure for skin dryness caused by living in steam-heated houses. They are given a substitute for soap made from a recipe originating among the ladies of the late Empress of Austria's Court, a skin tonic to replace water, an oily powder base to protect the skin against cold winds without clogging the pores, and a non-heating powder.

Effect of Indian Climate.

The Indian mail brings as many letters from Indians as from

A New Straw Fashions This Hat.

This wide-brimmed summer hat of open work horsehair or tulle straw is trimmed with "Patou pink" velvet. It crowns an afternoon ensemble of black crepe wool with a vest of pink organdie that shows elaborate handwork.

The New Waist.

Pictured above are the new cap, shoes and belt, high-waistline in a little printed frock. With this gown is worn a white visca hat with a novel brim.

Englishwomen. The former require a pore lotion to strengthen the glands and so lessen perspiration; the latter want bleaching preparations, a cream to give elasticity to dried-up skins, and a mask for home treatment to refresh, tone up, and cool the face. Many letters come from hunting women in the shires who require a skin protection which will not give the obviously made-up appearance which sensible women ban for sports.

At Morning Tea Time.

An emulsion which was put on the market some weeks ago is popular among women who suffer from dry skins and follow many outdoor pursuits. This is applied to the face at morning tea time and allowed to soak in until no trace remains.

For the woman with an oily skin, vanishing cream is now made in seven different shades—pale to deep cream, light and dark mahogany, nigger, natural, and white.

When A Man Retires.

[By a Husband.]

It is every woman's duty to encourage her husband to develop a hobby early in their married life. Every man needs one or more side lines of interest, even when he is young, and as age advances these side lines become steadily more important.

Year by year the day comes nearer when he will have to give up his employment, and leave the diverse interests of the city or office to his successors. What will he do then, without a definite hobby?

When the change and upheaval of retirement arrive, it is often too late to start fresh interests. The push of younger days to break new ground is absent; what is needed is something that is already understood, something of which the foundations are firmly laid.

Besides this, the rest from toil may be so welcome that during the first few weeks the restful days will be sufficient in themselves, needing nothing to fill them.

After a time, however, the time begins to drag, with the result that the man gets fed up, becomes irritable, and by that time finds it almost impossible to settle to anything.

A Stimulating Interest. The recreations that occupy the evenings of a busy man will not go very far towards filling whole days, unless they are hobbies that are capable of expansion, besides, these amusements are often of a purely social character, and cannot be classed as hobbies.

By looking ahead in this way, and it may be far ahead, it is possible for every woman to insure a future for her husband that will not mean days and years of aimless pottering.

A hobby can provide a stimulating interest that is not realised by those who have not taken one up seriously. Dabbling at the fringes is not taking up a hobby, whether it be golf or stamp collecting. There is a great deal to master about either, however widely they may differ.

Don't grudge the little time a man need give to the hobby of his choice now. The beginnings need only be small, provided they can be expanded, and they may make all the difference to wife as well as husband in later life; for anyone who has nothing to do cannot help becoming irritable. It isn't their fault, it's simply the aimlessness of life; so let every woman guide her husband towards some congenial hobby. There is one for every taste and inclination.

THE SINGAPORE BASE.

The Labour Government's attitude on the Singapore Base cannot by any process of reasoning be considered satisfactory. Reading between the lines of such pronouncements as have been made, we incline to the view that the Government finds itself rather awkwardly placed in the matter. When it was in office some six years ago, it caused work on the Base to be temporarily suspended, whilst during the last election campaign its spokesmen were strong in their opposition to any further heavy expenditure on the project. The responsibilities of office, however, appear to have somewhat tempered Labour's attitude, and we thus have frequent explanations as to why the work in hand cannot very well be interfered with. There are possibly two reasons for this frame of mind—the Government's expert advisers have conceivably had something to say on the subject, whilst the fact that the Dominions and some of the Crown Colonies have contributed towards the project necessitates their advice being sought before any definite decision is reached.

It has been suggested by a political writer that in view of the agreement reached at the Naval Conference not to replace battleship tonnage until 1936, Government circles are inclined to the view that the best use to which the work already done could be adapted is to make the Base a depot for airships and seaplanes in the scheme for inter-Imperial communications. What grounds the writer has for making this suggestion, it is difficult to say, especially since Mr. Alexander, the First Lord of the Admiralty, has asserted that work is still proceeding on the main contract, including the provision of the graving dock. All additional work, however, has been stopped for the time being. It looks on the face of matters as if the Government does not know its own mind on the question, and the only ray of comfort in the situation is that the whole subject is to be immediately considered in consultation with the Dominions. If this consultation is to be anything but merely nominal, we cannot see how the Government can resist taking due account of opinion in the Colonies, which is known to favour the completion of the undertaking. It is all very well to talk of the Naval Conference

decisions having affected the situation, but we cannot see anything in the London Treaty to warrant any serious modification of the scheme. We have been assured more than once that no naval agreement would be signed by Britain which would imperil the security of the Mother Country or the safeguarding of our Imperial communications. Had the Treaty contained an agreement to abandon the Singapore Base, there would have been a justifiable outcry that Imperial communications were being endangered. But we are under no such obligation under the Naval Agreement, and to make a further concession by scrapping the Base would be the height of folly. Surely there is a limit to which Britain can be expected to go.

In other issues which have touched upon the preservation of the Empire's trade routes, the Labour Government has, happily, taken a sensible stand. If it makes an exception in the case of Singapore, we shall be justified in believing that Labour is more keen on placating the less-informed element amongst its supporters than it is to uphold Imperial responsibilities and obligations. Even a reduced Navy needs its bases, and the case for proceeding with the Singapore scheme has long since been made out. Let us hope that if the Government is divided on the subject, the unanimity of opinion by the Dominions and Colonies will turn the scales in favour of a project which should on no account be shelved. The present shilly-shally policy of Mr. MacDonald and his colleagues does them no credit whatever.

The Ban on Carners.

The action taken by the New York Commission to stop the farcical business of third rate pugilists being knocked down like nine-pins by the Italian giant, Carners, will probably soothe the feelings of those who still remember the Scott-Sharkey fight fiasco and harbour hard feelings against boxing in America generally as a result of the unsatisfactory world title contest. Carners is the most spectacular figure to appear in the boxing world for some years. He has had a brief and triumphant reign which has ended in America in distinctly unsavoury circumstances. Carners has knocked out sixteen men in the United States in three months. Few of his fights have lasted more than a couple of minutes. Then one terrific blow from the giant has put an unworthy opponent down for the count and a search has been made for another victim. No other boxer has come near equalling Carners' record, but it is one of which no one could be very proud for it has been shown conclusively that few if any of the skittles put into the ring were anything like an even match for a giant who relied upon brute force not coupled with a very great deal of science. Carners has punched his way through America fighting the men matched against him. Perhaps he has not been responsible for the opponents, but blame attaches somewhere. After the first seven or eight fights the American public began to show its disapproval and eventually the boxing authorities were forced to step in. The action of the New York Commission will receive widespread support for it appears more than justified on the Chevalier fight disclosures. The Carners circus was bringing boxing generally into a ridicule which demanded that definite action should be taken to preserve the status of the sport. Any hopes that Carners may have had of becoming a champion are probably now dashed to the ground. Boxing will very likely see little more of a romantic figure who for a time caught the imagination of the world and then fell into disfavour because he used his strength against those ill-fitted to be opposed to it.

To-morrow's issue of the *Telegraph Art Supplement* will again contain many pictures of topical interest.

There will be a photograph of the junk Maskee in full sail, as well as a group of the three members of the crew who are leaving by her from Hongkong, and a snapshot showing Mrs. Worth, of Swatow, christening the little vessel.

Weddings illustrated will be those of Mr. W. R. Greenhalgh and Miss Farrow, Mr. S. J. Bradwell and Miss Kettle, and Mr. F. A. Castro and Miss Marques.

There will also be a group of The Rest cricket team which met the 2nd Division team of the H.K.C.C. last Saturday.

Other pictures will include one of the flower vendors in their new location at D'Aguiar Street.

A further case of kidnapping was mentioned before Mr. Whyte Smith at the Kowloon Magistracy this morning when a 21-year-old spinster, was charged with decoying a young girl. The defendant who was alternatively charged with harbouring the girl, was remanded till Tuesday.

For stealing a pipe from the Government dump at Waterloo Road where a quantity of material is lying about on a vacant piece of ground, a Chinese was given one month's hard labour on his appearance before Mr. Whyte Smith at the Kowloon Magistracy this morning.

Arrested at 390, Reclamation Street in charge of an opium divan, a Chinese was fined \$150 by Mr. Whyte Smith when he appeared at the Kowloon Magistracy this morning. On a further charge of being in possession of 1.5 taels of prepared opium the defendant was fined \$120. The alternative in default of payment of the two fines was two months' hard labour.

In answer to a charge of being in unlawful possession of an iron hook, a Chinese who appeared before Mr. Whyte Smith at the Kowloon Magistracy this morning stated that he had found the article at the Kowloon Godowns. It was stated that enquiries were made but the Godown company could not identify the iron as being theirs. A previous conviction in 1918 for larceny was produced against the defendant who was given three weeks' hard labour.

**WASHED CLOTHES IN
RESERVOIR.****CHINESE EXCUSES, AT THE
POLICE COURT.**

Charging a Chinese with washing clothing in water at a newly-constructed dam on the site of the old Paper Mills at Aberdeen, Mr. C. J. Tasch, Waterworks Engineer, at the Central Police Court this morning, before Mr. Lindsell, stated that he saw two men at noon yesterday, standing in the reservoir with the water reaching up to their waists. Defendant was one of the two men, and he was washing a coat and towel. He also gave witness the impression that he had been washing himself as well.

The two men were called out by witness, who could only seize one man, the defendant, while the other got away. On the bank were two baskets, one containing towels and the other a wet coat and towel.

Defendant explained, with regard to the coat, that it had been blown off his bamboo pole into the water, and with regard to the towel, that it was used as a sweat cloth and had dropped from his shoulder while he was retrieving his coat from the reservoir. "I do not know who the other man is. He was simply there also with me."

Defendant was fined \$10, or 14 days.

**FALSE CHARGE BY
INFORMER.****"RED" LITERATURE PLANTED
ON COOLIE.**

That it had been a "plant" on the part of the informer was the statement made by Detective Inspector Dorling, before Mr. Whyte Smith at the Kowloon Magistracy this morning, when withdrawing charges of possession and distributing seditious literature which had been preferred against a coolie of the Kowloon Godowns who was arrested on Friday on an allegation of distributing pamphlets at the Godowns.

Detective Inspector Dorling, in asking to withdraw the charges, said the man who had been responsible for the defendant's arrest and the constable were being dealt with. He remarked that the charge was a false one, the literature having been planted on the defendant. His Worship accordingly ordered the defendant's discharge.

A well-known dance palace in the West End of Berlin has equipped all its tables with flag masts. If a lady runs up a green flag that indicates she is not averse to being invited to dance; if she, however, hoists a red flag this is a signal that she desires to be left undisturbed. Thus any danger of mistaking her wishes is done away with.

The Very Idea!

Professor Henry Tonks, Slade Professor of Fine Art at University College, Gower Street, W.C., took part in a "rag" which marked the breaking-up of the college for the Easter vacation.

The engineering students were attacking the Slade School when they were surprised to see Professor Tonks, who is 67, leading a counter-attack. Under the guidance of the professor, the Slade students beat off the attack.

"It was a jolly affair," said Professor Tonks to a reporter "and I thoroughly enjoyed the part I took in it. I may have been a little dishevelled, but I was not badly hurt."

The Maiden's Prayer (modern version)—"Dear Lord, I don't ask anything for myself—just give mother a son-in-law."

Spectator (at football match in Aberdeen)—"Why don't they start? They should have kicked off an hour ago."

Bystander—"Aye, something serious has happened."

Spectator—"No one hurt, was there?"

Bystander—"Worse than that. They canna find the penny they tossed up wi'."

Stern Father (to son departing for boarding-school)—"Now don't let me hear any bad reports about you!"

Son—"I'll try hard, Dad. But you know how those things leak out."

When a bank messenger was called as a witness in a King's Bench Division case, Mr. Justice Roche said that he would like to take the opportunity of trying to get him to disclose a great secret.

"Tell me," he said, "when you go away, do you discard your top hat?" (Laughter.)

"Yes, my lord, I do," replied the man.

"The question of bank messengers' top hats is a matter which had always puzzled me," remarked his Lordship. "You are almost one of the last survivors of respectability."

Twenty years ago Charles James Young, of Dormans Land, Lingfield, Surrey, saved enough to pay his passage to America to make a fresh start.

He arrived in New York with one half-penny in his pocket, found work as a gardener, rose to be manager of a Long Island estate, saved money, and later amassed a fortune of \$44,000.

His parents at "Dormans Land" recently received news that every penny had been lost in the Wall Street crash.

Young had hoped to retire next year and return for the first time to England to see his parents.

WHO WAS—**JOHN O'GROAT?**

"And from Land's End in the south to John O'Groat's in the north is the longest distance in Great Britain," the geography teacher would wind up the lesson; but who John O'Groat was, and which of his goods or chattels was signified by the apostrophe "s" was generally left to the pupil's conjecture.

John O'Groat, whose name attaches to the northernmost point of our island, was a Dutchman who, with his brothers Malcolm and Gavin, settled there in the reign of James IV of Scotland. They married and had sons who, in their turn, married also, so that in time there were eight families of the men of Groat.

It was their custom to hold a full family reunion once a year in the house of the head of their little tribe, and usually this was a friendly affair. But on one occasion a heated dispute arose about a question of precedence in entering and leaving the dining room. The dispute was referred to John, who promised to settle it to the satisfaction of everyone concerned, which he did by erecting an octagonal building with eight doors and eight windows. In the centre of the room he put a round table.

This building, which stands near the promontory of Duncansby Head, became known as "John O'Groat's."

**PROMISSORY NOTE
DISPUTE.****INTERESTING POINT RAISED
ON LEGAL COSTS.****MATTER UNDECIDED.**

The effect on solicitors' costs of failure to make a formal demand for money due under a promissory note was a point which came up for discussion in the Summary Court this morning, between the Palsna Judge (Mr. Justice Wood) and Mr. Horace Lo.

The discussion arose out of an action brought by Ip Kwai, No. 200, Portland Street, motor car driver, against Siu Fong, a ticket inspector employed by the Kowloon Motor Bus Co., Ltd. Mr. Lo was for plaintiff and defendant conducted his own case.

When asked what he had to say about the matter, defendant said he would consent to judgment, but, in reply to a question, he stated that no demand had been made on him for the money.

Mr. Lo produced a copy of a letter of demand which he said, plaintiff had sent to defendant. He added that his firm did not write a letter because plaintiff instructed them that there was no need to write any more letters.

Plaintiff was called into the witness box, when he said that he made a demand on defendant, but the latter stated that he had not the money, and offered one dollar, which plaintiff refused to accept.

Defendant agreed that the demand was made, but explained that plaintiff asked for the money in March, which was before the note became due.

Mr. Lo pointed out that it was not necessary to make a demand for money due under a promissory note, to which his Lordship agreed, but added that he was thinking of how costs would be affected if no demand were made.

His Lordship continued that it looked as though defendant had not had a chance to escape the action. He pointed out that the note fell due on April 20 and the writ was issued five days later, apparently without any formal demand.

Mr. Lo remarked that the amount was so small that, as plaintiff had said, they considered a further demand to be unnecessary. Defendant did not say he would pay, but had said he could not pay and had asked for instalments.

His Lordship:—He might have been able to borrow or do anything to escape the action.

Defendant stated that he had nothing to say with the exception of applying for instalments. He continued that he promised to pay \$2 a month but during the last two months, owing to being in need of money, he offered plaintiff \$1, which he refused to accept.

His Lordship:—Do you wish to dispute the claim and costs?

Defendant:—I should not pay the costs. I dispute them.

After stating that he did not wish to carry the matter any further, Mr. Lo said he would point out that on defendant's own admission a demand was, in fact, made on him. If the demand was made before the note was due, its answer he to that effect, but, instead, defendant himself said he did not have the money and asked plaintiff to accept \$1.

His Lordship said he would like to look into the cases on the point. He would give judgment for plaintiff on the claim and adjourn the matter of costs and instalments until to-morrow week in chambers.

**CRACKER-FIRING
NUISANCE.****DISTURBS MARINE COURT
PROCEEDINGS.**

Proceedings at the Marine Court this morning were disturbed for a few minutes by the firing of crackers near the Harbour Office building, rendering hearing difficult.

After a while, the Magistrate (Commr. Hole), addressing Inspector Munro, the senior police officer in Court, said:—"Inspector Munro, will you send somebody out to find if those people have a permit to fire crackers?"

The Indian Court Sergeant was accordingly sent out to investigate and returned after a few minutes with the information that a permit had been obtained for the firing of crackers.

His Worship:—Right, thank you.

One of the most delicate problems which the foreign embassies in Washington have to face is the continual gate-crashing which takes place at receptions—due, say, the cynical, to the excellence of embassy liquor. A plain-clothes detective at a reception given one afternoon at the German Embassy found, when comparing the number of those passing through the cloak rooms with those invited, that 160 uninvited had been entertained.

**COOLIE'S THEFT OF
WHISKY.****STORY OF PURCHASE NOT
BELIEVED.****EUROPEAN ROBBED.**

The origin of a bottle of "Johnny Walker" whisky, found in the possession of a house-coolie and suspected of having been stolen from his employer, Mr. Bernard Walker, of No. 4, Broadwood Road, was investigated by Mr. Lindsell this morning, before whom the coolie was charged with the theft of the liquor.

Mr. Walker said that at 10 o'clock last night, an Indian policeman went into his house, holding a bottle of whisky in his hand and having in his custody a coolie who was acting as substitute for a servant who was away. A stock of whisky had been taken in earlier in the evening, comprising ten bottles, which was stored by the defendant. When a check was taken, one bottle of whisky was found to be missing.

An Indian Sergeant on patrol duty in Broadway Road last night, said he stopped the defendant and questioned him with regard to a bottle of whisky which he had wrapped up in paper and was holding in one hand.

Defendant contended that he bought the bottle in Court from the Sincere Company some three or four days previously, and when asked by the Magistrate as to the price he paid for it, said it was \$4.10.

Having been informed by the prosecuting police officer, Inspector Macdonald, that a bottle of whisky of the brand in question would cost anywhere between \$4.50 and \$4.80, prices having gone up in common with other things, his Lordship told defendant that he was fortunate in being able to get a bottle at the price he mentioned. It was at the same time "very curious," and the matter would be investigated further.

Mrs. Walker was sent for with the view to her proving the number of bottles taken that evening into the house. She corroborated her husband's evidence, and said the whisky cost \$5.80 per bottle.

Defendant said that when he was taken to the house by the Indian Sergeant, his master and mistress denied that the whisky was theirs.

Mr. Lindsell pointed out that that had been explained by the fact that the bottle in question was a different brand to that which they actually had.

Defendant still asserted that he bought the whisky for \$4.10, and the Magistrate in reminding him that the price was \$5.80, asked "Any more lies?"

A conviction was recorded, the defendant being sentenced to two months' imprisonment for being "a dishonest servant."

**SOVIET FOOTBALL
TEAM.****REFUSED PERMISSION TO
TOUR BRITAIN.**

London, May 1.

In the House of Commons to-day Mr. J. R. Clynes stated that the British Workers' Sports Federation, which is affiliated to the sporting organisation of the Communist International, had applied for visas for the Soviet football team tour of Britain from April 18 to May 10.

Mr. Clynes added that he refused the application for visas in the absence of evidence that the tour would be genuinely sporting and because a resolution of the Young Communists' International last December emphasised "working class youths and sports unions must crystallise the basic kernel for strike pickets, proletarian self defence, worker's fighting committees, red guards and people to work in imperialist armies. They should utilise sport organisation for military training."—*Reuter.*

**ALLEGED THIEF IN
HOSPITAL.****BROKE THIGH IN FALLING
FROM VERANDAH.**

At the Central Magistracy this morning, mention was made to Mr. Lindsell, by Acting Sub-Inspector A. V. Baker that the Chinese who had been arrested on a charge of stealing a suit of clothing from No. 8 Main Street, Apichau, was at the present in hospital, suffering from a fractured thigh. He would probably be detained there for some time and the officer asked for a week's formal demand, which was granted.

As reported in yesterday's *Telegraph*, the man fell over the first floor verandah of No. 8 Main Street, in an attempt to evade capture after, it is alleged, he had stolen a suit of clothing. He fell heavily to the ground and received serious injuries.

**SHOE BLACK WITH
BLUE BLOOD.****A GRADUATE'S NINE
LANGUAGES.**

He could say "Shine your boots, mister?" in nine languages. He is of noble birth and blue blooded lineage, a war flier, parachute jumper and university graduate.

But to the other shoe-black boys who eke out an existence around Bryant Park in New York he is known just as plain "Mike Smith."

He is Lieut. Knud Alexander Carl Christian Collis Frederik von Clauson-Kaas, a member of one of the oldest families of Copenhagen, and related by marriage to the late Kaiserine Auguste Victoria of Germany.

Now, however, he asks you: "Shine, Mister; shine 'em up?"

If you assist he will make your shoes sparkle in five minutes for 5d. and a tip if you feel generous.

Castles in the Air.

He went to America dreaming of being first to make a Transatlantic solo flight from New York to his native Copenhagen, but found that money for such projects is hard to get.

A blue-eyed and handsome figure even in his shoe-shining outfit of brown breeches, tan pull-over sweater, dark shirt and cap, he walks with military dignity. His politeness has won him many friends.

In 1918, Lieut. Clauson-Kaas commanded a flying squadron of the Finnish White Guard. He fought against the Bolsheviks and was decorated twice and mentioned for bravery on three other occasions.

His Last 10s.

He served a compulsory term in the Royal Hussars, the life regiment of the Danish Queen, and two years of voluntary service in the Royal Danish Flying Corps. Meanwhile, he saved from the allowance sent him by his father, a former captain in the Royal Danish Cavalry, for the solo flight he hoped to make.

Then he went to America and received a sad awakening. He went all around the country in search of backers for his flight and flew all types of experimental planes.

Finally he went to New York with 10s. in his pockets. He was too proud to cable home for money, and took to shoe-shining for an existence.

His visitor's permit, with its extension of six months, expires on August 9, but he still thinks he will return to Europe by air.

He is now willing, however, to go as relief pilot or navigator in another aviator's plane.

**BAIL FORFEITED TO
POLICE.****ABSENT MAN AND MOTOR
DRIVING LICENCE.**

The absence from Court this morning of a man who was charged with lacking a driver's licence was explained by a Police Sergeant who said he had made enquiries and ascertained from the records that the man's licence had been cancelled three months ago.

Inspector Bloor also mentioned that he was given to understand that the car had been taken to Canton.

A line of action was still left, this being the \$50 bail deposited by the absent man with the Police. This was now forfeited under an order made by the Magistrate (Mr. Lindsell).

**RUBBISH DUMPING
CASE FAILS.****WRONG MAN SUMMONED AT
MARINE COURT.****SOMEONE BLUNDERED.**

A case was dismissed in the middle of the proceedings by the Hon. Commr. G. F. Hole, at the Marine Court this morning on the ground that a wrong person had been summoned.

A man named Chan Cheung appeared in the Marine Court in answer to a summons for dumping building rubbish into the harbour, but he pleaded "Not Guilty" to the charge.

Mr. N. K. Littlejohn, an engineer of the P.W.D., testified to seeing motor lorry No. 2,656, between two building yards, dumping rubbish into the sea.

His Worship:—What has the accused to do with this?

Witness (looking at the man pointed out by his Worship):—I don't know him. I haven't seen him before.

Was he the man who was dumping the rubbish into the harbour, No.

Was he there?—No.

His Worship (to Inspector Munro, the officer named in the summons):—There is something wrong with this case.

Inspector Munro:—I was given to understand that Chan Cheung was the driver of the lorry.

Mr. Littlejohn (pointing to another man in Court):—That's the man who was dumping the rubbish, your Worship.

His Worship:—Then why didn't you apply for a summons against him? Why did you summons the accused?

Mr. Littlejohn:—I asked the driver what his name was and he told me "Chan Cheung."

His Worship:—Then who's this man (the accused)?

Inspector Munro:—That must be the owner of the lorry.

His Worship (to Mr. Littlejohn):—You don't recognise him?

Mr. Littlejohn:—I won't swear that I have seen him before.

Was there anybody with you at the time?—Yes, a Chinese foreman.

Is he in Court?—No, he is not here.

"Well, I cannot convict on this evidence," said his Worship. "I am afraid I shall have to dismiss the case."

QUEEN'S THEATRE.**JOAN CRAWFORD STARRED
IN "UNTAMED."**

Joan Crawford gives one of her best characterizations when she appears as "Bingo Dowling" a girl from the wilds who finds herself suddenly transported into the civilization of a great city, in the talkie film "Untamed" which is being shown at the Queen's. Miss Crawford has hitherto generally appeared in films depicting "modern youth," and has a somewhat similar role in this production, giving an excellent portrayal of a forceful miss who discards conventional trivialities in her efforts to retain the affections of the man she loves.

Miss Crawford has a pleasing voice which is well brought out in two songs which are regarded as amongst the musical hits of the season.

"But officer, you don't understand. He's always so prompt. He's never kept me waiting like this."

**ARRESTED AT AN
INQUEST.****CORONER'S ORDER TO
THE POLICE.****FIRE DRAMA.**

I order the Chief Constable of Leicester to arrest this man Ward on a charge of perjury."

This was the dramatic command given by the Leicester coroner, Mr. E. Fowler, at the resumed inquest on Mrs. Mills, wife of a Thurston tradesman, who died following a fire at her husband's shop.

John Lewin Ward, aged 19, who had given evidence, was at once arrested.

At the previous hearing he had declared that when he cycled past the shop on the night of the fire he smelt burning and saw Mr. Mills in the shop.

Ward's Statement.

Chief-Inspector Helsby, of Scotland Yard, said, during a conversation he had with Ward, Ward admitted his story was untrue and signed the following statement:—

"I now wish to correct my statement which I had previously made to the police. On Wednesday, March 19, I left my young lady, Miss Chapman, at her house in Justice-street, about ten or five minutes to 11 at night to cycle home to Syston.

"I rode through Thurston about five or ten minutes past 11. About 200 yards from Mr. Mill's shop I smelt something burning.

"As I passed Mr. Mill's shop I applied my back brake and slowed down. I looked towards the shop, but I did not notice anything wrong. I did not get off my bicycle, but rode on to Syston, arriving home about 11.30.

"What I said at the inquest must have been pure imagination on my part. I would now like to say that I did not see Mr. Mills or anyone else in Mr. Mill's shop on the night of March 19, and I certainly did not see a fire on the premises when I rode by.

"I have not been well recently, and I can only say the reason I made my previous statement, which I regret to say was untrue, was owing to the fact of feeling unwell at the time. I am very sorry that I have caused all this trouble among the police and Mr. Mills, and this is absolutely true.

After Ward had been led from the court the coroner warned the jury they must put out of their minds any evidence he had given.

After other evidence the coroner adjourned the inquest.

**BUYING PLANES IN
SHOWROOM.****SELFIDGE'S LATEST
DEPARTMENT.**

Buying a light aeroplane is as simple now as purchasing a motor-car.

You can walk into a showroom, select your machine, choose the paintwork you prefer, and become an owner on deferred payment terms.

This has been made possible by the enterprise of Selfridge's, who opened a light aeroplane department in Avonmore-road, Kensington, W. They are the only departmental store in the world with such a section.

Mr. Gordon Selfridge, jun., told a Press representative that the department would be a place to which anybody interested in flying could go to learn all that there was to know about the subject—where to learn to fly, how much it costs to run an aeroplane, how to get a license, cross-country flying, suitable outfits, &c.

"This country is supreme in private flying," he said, "and we are out to help in every way we can. It is possible to buy a light aeroplane at from £550 to £900, and we estimate that running expenses, including insurance, depreciation, overhaul and maintenance, and oil and petrol, for a reasonable amount of flying, would be not more than £300 a year.

"We are showing four types of light aeroplane—Moth, Bluebird, Desoutter and Klem—all of which are suitable for women to fly. Two of them are fitted with slotted wings."

CUSTOMS & SALT REVENUES.

(Continued from Page 1.)

Honan Battleground.

and move along the Lung-Hai Railway with Hsuehchow as their objective.

Viewing the situation on the whole, it is most probable that when war actually breaks out the fiercest encounters will take place in Honan along the Lung-Kai Railway or on that section of the Tientsin-Pukow Railway in Shantung Province.

Despite the present strong concentrations on the Hupeh-Honan frontier, severe fighting is not expected there as the Nationalist forces have nothing to gain by conquering Honan.

On the other hand, the Kuomintang troops, even if they capture Hankow and Wuchang, will still be a long way off the Nationalist capital.

General Sun Tien-ying, who was defeated by the Nationalist troops in Northern Anhui, arrived at Chengchow yesterday to confer with Marshal Feng Yu-hsiang on the coming attack against the Nanking Army. Part of General Sun Tien-ying's Army was recently disarmed after being defeated by the Nationalists at Pochow in north-eastern Honan.

Funds Needed.

Eight Kuomintang Divisions are concentrating at Changchow, but it is understood that the general attack on the Nationalists will not be announced until the arrival of Marshal Yen Hsi-shan.

The only thing that is handicapping the Shansi-Kuomintang leaders at the moment is the question of war funds. It is stated that Marshal Yen is endeavouring his best to raise funds at Talyuanfu and his coming visit to Changchow, with money to pay the troops, will probably mark the commencement of real fighting against Nanking.

Bank Made Custodian.

Peking, May 1. The Bank of China at Tientsin has been appointed custodian of the customs and salt revenues, which the Shansi-ites are retaining.

It is understood that arrangements are being made to release the September to March quota of the salt revenue required to maintain the Crisp Loan.—Reuter.

Yen to Meet Feng.

Peking, May 1. Yen Hsi-shan arrived at Shih-chiachuang early this morning, and Feng Yu-hsiang is en route to Shih-chiachuang. They are expected to meet to-day, after which developments are expected to be much more rapid than for the past two months.—Reuter.

LITTLE MAY DAY DISORDER.

(Continued from Page 1.)

thirty-one still being detained, have been released. Seventy foreigners are being expelled from France.—Reuter.

Hongkong Quiet.

Enquiries at Police Headquarters this morning showed that May Day passed off quietly in Hongkong, where the local repercussions have been confined to the distribution of Communist literature, and a few arrests made by the police.

In addition to the action taken the night before last, when one man was arrested at the Meichow Hotel and two others taken into custody at Yaumati and Mongkok, the large number of police officers detailed for special duty yesterday were able to counter effectively further "Red" activities in the form of dissemination of literature. During yesterday two suspects were taken into custody at Yaumati for enquiries. No papers were found on them, their arrest being merely as part of the general precautions that were rigidly enforced throughout the day.

In the evening two other arrests were made in Bonham Road, the prisoners being young Chinese who were caught scattering leaflets.

Cases arising from the activities of the last few days were mentioned before Mr. Grantham at the Central Police Court this morning, when a young Chinese, who is described as being a student from Singapore, was charged with the possession of seditious pamphlets. He was formally remanded until Tuesday. To the same date was also remanded another case, where three Chinese were charged with being concerned in a demonstration which occurred last Sunday on the Central Praya, near the Star Ferry Wharf.

LOCAL CRICKET.

The following will represent the Volunteers against the Argyll and Sutherland Highlanders at 11 a.m. on Sunday on the Navy ground.—P. J. R. Mitchell (Capt.), Capt. R. G. Strachan, A. Reid, A. C. Beck, K. H. Batger, J. A. Summers, G. P. Lammert, P. S. W. Smith, N. A. E. Mackay, D. R. Kelly and P. W. J. Planner.

AUTOMATIC 'PHONES.

THE PRIVATE BRANCH EXCHANGES.

Those telephone subscribers with sub-exchanges, to which are connected two or more exchange lines, will no doubt be interested to learn the reason why only the first number in the group is recorded in the Telephone Directory for use after the change-over of the Hongkong Telephone System to Automatic working at midnight on 3rd May. When the sub-exchange number is dialled and the switches thereby positioned, the final switch will test the first line in the group of two or more exchange lines and if this is disengaged it will apply ringing current to operate the indicator on the switchboard at the sub-exchange. Should the first line in the group be engaged, however, the switch, after testing and receiving the engaged electrical condition, will automatically step on to the second line in the group and will repeat the process until all the lines connected to the particular sub-exchange have been tested. If all the lines are engaged, then the switch will, after testing the last line, connect the busy tone to the calling subscriber's receiver.

Where sub-exchange extensions are plugged through for working direct to the exchange when the main office is closed for business after normal working hours, each such connexion must be given a telephone number which is shown in the Telephone Directory under "Night Service" and all lines in a group, except the first line, may be used for such purpose. The reason for this is that the automatic switching feature is provided on the first line and consequently if the latter were engaged the call would be switched through to the first disengaged line and would not be connected to the required department for dealing with the special out-of-office-hours business for which the night service arrangements had been made.

On the other lines in the group, the caller will get the busy signal if the particular number which is dialled is engaged and the call will not, therefore, be switched through after office hours to the wrong department or individual.

THE CHINESE IN AUSTRALIA.

CONSUL GENERAL AT SYDNEY URGES THEIR CASE.

Sydney, May 1. The Chinese Consul General has sent a Note to the Federal Government urging the discontinuance of the taking of fingerprints of un-prohibited Chinese. The practice was instituted in order to identify prohibited immigrants. The Note says the practice is embarrassing the Nationalist Government as it causes a popular demand for reciprocity.

It appeals also for limitation of the indiscriminate right of search of prohibited immigrants, which is not applied to other nationalities.

The Note suggests the pardoning of the few prohibited immigrants who may be hiding in Australia, and the institution of a rigid system of registration at the Consulate.

The Note also contends that the ban on the entry of wives leads to immorality, and suggests allowing young relatives to replace aged Chinese returning to China. —Reuter.
